RESIDENTS' INPUT SOUGHT ON PROPOSED BILLBOARDS

Glendale, Ariz. — Residents are invited to attend a neighborhood meeting to get an update and background information on a proposal that includes the installation of two 85-foot high, non-digital billboards, in the northern part of the city, located at the northwest corner of Bell Road and Loop 101.

The public meeting will be held 6 p.m., Tuesday, July 2 at the Glendale Adult Center, 5970 W. Brown Street, room 108.

The Rose Law Group filed an application on June 7 for a proposal to amend the Palm Canyon Business Park Planned Area Development to permit the installation of two non-digital billboards along the property's Loop 101 frontage.

A year ago the Glendale City Council unanimously adopted a Zoning Ordinance that limits digital billboards to Planned Area Developments between Camelback Road and Northern Avenue, along the Loop 101. These billboards are currently restricted to a specific geographic area in Glendale, the Sports & Entertainment District area, and they are not eligible for installation north of Northern Avenue.

Residents are encouraged to attend to review the plans, ask questions and provide input. For more information you may contact Jon Froke, City of Glendale Planning Director at jfroke@glendaleaz.com. For those who cannot attend, questions and feedback may be sent to the applicant, Carolyn Oberholtzer of the Rose Law Group at carolyno@roselawgroup.com.
